

Lista articolelor cu rezumate în limba engleza

2021

1. Positive thermal anomalies from winter 2019-2020 in the Bâc river basin (Republic of Moldova)
. *Georeview, Geography Series*. 2021, nr. 31, 116-109. ISSN 2343-7405. (Cat.)

2020

2. Comparative study of land use in Zărnești (Romania) and Strășeni (Republic of Moldova) towns
. *Georeview, Geography Series*. 2020, nr. 30, 145-137. ISSN 2343-7405. (Cat.)

2019

3. Estimation of balneary-climatic potential in the central part of the Republic of Moldova
. *Georeview, Geography Series*. 2019, nr. 29, 83-76. ISSN 2343-7405. (Cat.)
4. Climatological issues about the number of summer days ($t \geq 25$ °C) on the territory of the Republic of Moldova
. *Georeview, Geography Series*. 2019, nr. 29, 123-118. ISSN 2343-7405. (Cat.)

2018

5. Technical remediation and improvement activities of land use based on deforestation and levelling-modeling in the Republic of Moldova
. *Georeview, Geography Series*. 2018, nr. 28, 42-35. ISSN 2343-7405. (Cat.)

2016

6. The surface dynamics of ecologically stabilizing land and its actual management problems (case of the Republic of Moldova)
. *Georeview, Geography Series*. 2016, nr. 26, 65-55. ISSN 2343-7405. (Cat.)
7. Considerations regarding implementation of European Union directives on the environment in the Republic of Moldova
. *Georeview, Geography Series*. 2016, nr. 26, 112-103. ISSN 2343-7405. (Cat.)

2013

8. Assessment of the susceptibility degree to landslides within Ciulucurilor Hills by Method of Frequency Rate
. *Georeview, Geography Series*. 2013, nr. 23, 45-34. ISSN 2343-7405. (Cat.)
9. The land fund characteristics of small and medium cities from Republic of Moldova
. *Georeview, Geography Series*. 2013, nr. 23, 21-15. ISSN 2343-7405. (Cat.)

2011

10. Middle Prut plain's erosion susceptibility evaluation
. *Georeview, Geography Series*. 2011, nr. 20, 120-115. ISSN 2343-7405. (Cat.)
11. Considerations on forest ecosystems evolution in the Republic of Moldova
. *Georeview, Geography Series*. 2011, nr. 20, 103-93. ISSN 2343-7405. (Cat.)
12. Landslide distribution and land use within the Călărași key sector
. *Georeview, Geography Series*. 2011, nr. 20, 23-17. ISSN 2343-7405. (Cat.)
13. Climatic considerations towards the manifestation of the phenomenon of snowstorm on the territory of the Republic of Moldova
. *Georeview, Geography Series*. 2011, nr. 20, 34-25. ISSN 2343-7405. (Cat.)
14. Management of the impact on soil in Republic of Moldova: problems and solutions
. *Georeview, Geography Series*. 2011, nr. 20, 114-105. ISSN 2343-7405. (Cat.)
15. Estimation of landscape anthropic modification level. Case study: Ciulucurilor Hills
. *Georeview, Geography Series*. 2011, nr. 20, 140-133. ISSN 2343-7405. (Cat.)

2010

16. Factorii climatogeni și rețeaua de transport
. *Georeview, Geography Series*. 2010, nr. 19, 67-59. ISSN 2343-7405. (Cat.)
17. L.E.A.P. as a contribution to local environmental management in the Republic of Moldova
. *Georeview, Geography Series*. 2010, nr. 19, 104-91. ISSN 2343-7405. (Cat.)

2009

18. Legislative aspects of agroecological production
. *Georeview, Geography Series*. 2009, nr. 18, 204-201. ISSN 2343-7405. (Cat.)
19. Environmental laws and normative systems in the Republic of Moldova: development milestones
. *Georeview, Geography Series*. 2009, nr. 18, 200-191. ISSN 2343-7405. (Cat.)
20. Contributions to spatial landslide assessments in the Bâc tableland
. *Georeview, Geography Series*. 2009, nr. 18, 24-19. ISSN 2343-7405. (Cat.)
